

QQ plot residuals

DHARMA nonparametric dispersion test via sd of
residuals fitted vs. simulated

Simulated values, red line = fitted model. p-value (two.sided) = 0.843

Outlier test n.s.

QQ plot residuals

**DHARMa nonparametric dispersion test via sd of
residuals fitted vs. simulated**

Simulated values, red line = fitted model. p-value (two.sided) = 0.822

Outlier test n.s.

QQ plot residuals

DHARMA nonparametric dispersion test via sd of
residuals fitted vs. simulated

Simulated values, red line = fitted model. p-value (two.sided) = 0.863

Outlier test n.s.

QQ plot residuals

**DHARMA nonparametric dispersion test via sd of
residuals fitted vs. simulated**

Simulated values, red line = fitted model. p-value (two.sided) = 0.891

Outlier test n.s.
